

Holkham Parish Council – Clerk’s Report – 13 September 2022

With regard to item 6 on the agenda, Kate contacted me following the Norfolk County Council circular which talked of a grant of a maximum of £10,000 to be allocated at the rate of £100 each to parishioners who were suffering due to the current cost of living crisis. Applications had to be in by 29 August, and I suggested that there was not time to discuss this and to find out who might qualify. The reason it is on the agenda is the thought that it might be repeated, but that it is unlikely that grants would be available unless we knew who would qualify for them. Should we be compiling a list of possible candidates now?

I have seen the cycling paramedics about and assume that they are doing similar useful work as last year.
